THE NATURAL CHOICE

>> VALOISE Clay Roofing Tiles

The Valoise is a small format, flat interlocking clay tile made at S' Germer de Fly in the Beauvais region. It must be laid broken-bonded.

Elegant, with a tapered leading edge and a smooth finish, the Valoise is supported by an extensive range of matching accessories to achieve a perfect result.

A modern tile, the Valoise is ideal for new build projects. It is also proving popular for renovation in the Ile de France and surrounding areas.

This clay tile, as with all made by Imerys Roof Tiles, bears the hallmark of distinction of a world leader supported by technical excellence at all 13 manufacturing locations.

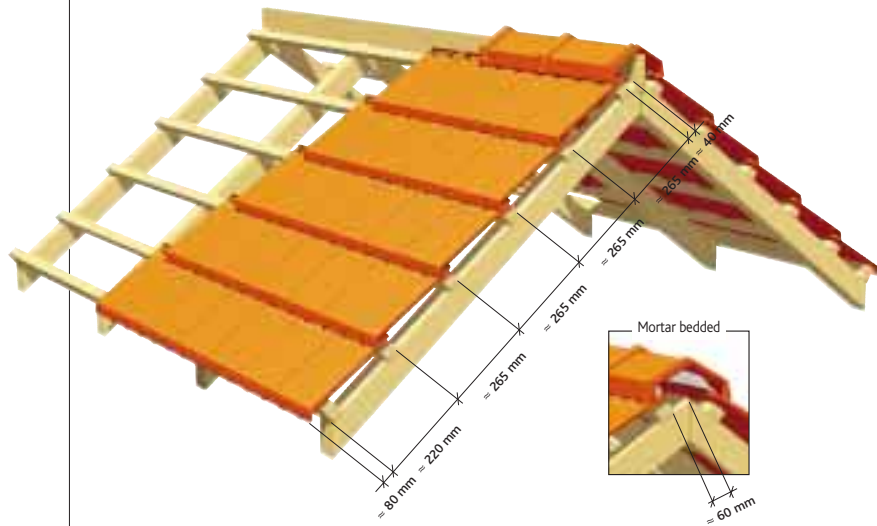

Ref.310

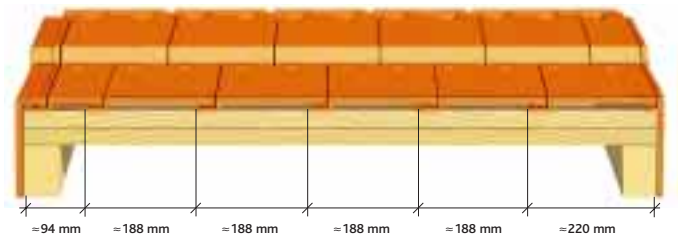

Main Characteristics

Flat interlocking tile	Laid broken-bonded
Length overall ≈320 mm	Weight per m ² ≈44Kg
